So what's it all about?

Our non-surgical Ultrasonic Liposuction makes losing inches from areas of your body such as your belly, hips, arms, legs and back easy! Those stubborn fatty areas of your body you would like to change will become flatter and firmer, in as few as 12 sessions of completely painless Ultrasonic Liposuction. You will be massaged, twice a week with ultrasound by our qualified, experienced consultants, ensuring you are looking and feeling fabulous!

We use Ultrasound technology similar to the kind used to carry out baby scans in hospitals, we even use the same gel. During the painless therapy all you will feel is a nice, warm sensation. This warm sensation is the fat turning to liquid and beginning to drain from your body.

As the Ultrasound passes through the fat cells inside your body it causes them to vibrate against each other, this causes the fat inside to change from a semi-solid state and to become a liquid. Once liquefied, the fat will begin to drain from the cell. The fat then passes through the lymph node system and exits the body through the digestive system in the normal manner. The fat will continue to drain from the body for the next 72 hours. To maximise lymph drainage and achieve the best results we recommend increasing activity levels to increase blood circulation.

Your consultant will chart your success and let you know exactly how many inches you have lost since your last session by measuring your target area before each treatment. We expect clients will need somewhere between 8 – 12 sessions per area to achieve their goals. You should allow 30 minutes per appointment and 3 days should be allowed between treatments.

Teachers spark panic with spoof news story

TEACHERS mocked up an MK NEWS article for a lesson and unwittingly sparked fears that a shopping centre would be flattened.

Business owners at Greenleys local centre believed their premises were going to be replaced with a retirement home after copies of the mocked up article were circulated.

Samantha Mannings, from hair salon Hairlicious, said: "It's really funny, one of the mums brought me in a copy because she thought she would have to find a new hairdresser. I believed it was real too. It was soon going round to other businesses in the area and everyone got a bit concerned."

The ficticious article was actually created by year five teachers at Greenleys Junior School to encourage debate among pupils.

Head teacher, Mike Talbot, said: "The teachers wanted to encourage pupils to come up with persuasive arguments for and against a proposal of this kind."

Mr Talbot has since sent out a letter to parents explaining the article was not real.

Council bosses consider a plan to create 18,000 new jobs in MK

BY ADAM GRINSELL

adam.grinsell@mk-news.co.uk

PLANS for a new business park on the edge of the city could create up to 18,000 jobs, MK NEWS can reveal.

And council bosses are now 'considering' the proposals from development company Berkeley Strategic, which owns a large parcel of land alongside the M1 and to the south of Newport Pagnell.

Berkeley wants to build the large-scale business park, which would include offices, warehouses and a riverside park, on the empty plot which is situated adjacent to junction 14 and bordered by the motorway to the south and west, the A422 to the north and the A509 London Road to the east. See illustration *above right*.

It predicts that phase one of the 324 hectare development, being called Milton Keynes East (MKE), would alone create 2,700 jobs, with a total of 18,000 people working there following its completion.

However, the plan is currently at the proposal stage for the company as it still needs to convince Milton Keynes Council (MKC) to give the green light.

The proposal has been put forward as part of MKC's consultation on its 'Core Strategy', a document which defines the way the city will develop and grow up until 2026. Currently the strategy, which is being considered by the national Planning Inspector, has the land owned by Berkeley earmarked for parkland and conservation.

Council leader Andrew Geary said: "Berkeley has come forward with this which, on the face of it, looks like an interesting proposal.

"Milton Keynes Council will consider it, the Planning Inspector will look at it, and we will go from there.

"The Core Strategy is running its way through the council through the normal processes, and this plan will be considered along with all of the other responses we have had to the strategy."

The Core Strategy has set a target for 1.5 new jobs for every new dwelling built in Milton Keynes – a total of 42,000 before 2026.

But in its document, prepared by planning consultancy Nathaniel Lichfield & Partners, Berkeley claims currently-available land is not enough to meet this target, and that MKE would boost the jobs total.

It states: "As it stands, the existing employment land supply in MK is insufficient, such that it will restrain the future MK economy."

Berkeley would not comment until after the Planning Inspector has delivered their comments, but MK NEWS understands it has been informally consulting with residents in Newport Pagnell and Moulsoe over the proposals.

Cloudy2Clear Windows – Service With A Smile!

It's been a crazy few months for Cloudy2Clear Windows. The company which specialises in repairing windows which are steamed up, broken or damaged by replacing the panes – not the frames has grown rapidly as homeowners take advantage of their services.

Managing Director Billy Harley feels that it's all about service. 'Our product is simple. If your double glazing is misted up we can replace the glass at a fraction of the cost of a new window, in any type of frame, and with a new 5 year guarantee. But it's not just about saving people money, although that obviously helps.

Many tradespeople have struggled since last year and I honestly feel that during the good times a minority perhaps didn't focus on customer care as much as they should have done. We make sure we turn up when we say we will, do the job the customer requires and leave their house as clean as a whistle. I often get comments back from customers on how they really didn't expect that sort of service which, in a way, is very sad for the service industry as a whole.'

Cloudy2Clear service the Bedford, Milton Keynes & Leighton Buzzard areas and Billy is finding that his approach is a major factor in his success. 'The truth is that it's not just the personal satisfaction that I get from doing a good job but also it makes good business sense. I get a huge amount of business from friends and family of people I've done work for, which just goes to show how much a little bit of effort is appreciated.'

Tories announce Park will get funding boost

BY ADAM GRINSELL
adam.grinsell@mk-news.co.uk

FOREIGN Secretary William Hague will be paying a visit to Bletchley Park next week after announcing funding for its restoration in his Conservative Party Conference speech.

On Sunday senior cabinet minister Mr Hague *(pictured)*, a former leader of the Conservative Party, spoke of the park's significance and the importance of preserving its history at the conference in Birmingham.

In his speech, he said: "We will make sure that this country is going to remain a world leader in cyber security, with the technology and with the brilliant brains to protect ourselves and our allies today as we did during the Second World War.

"To remind us all of this, next week I will go to Bletchley Park to announce the unlocking of funding for its restoration, to preserve the memory of some of the greatest intelligence achievements in our history and at the same time launch new schemes to recruit the brightest mathematicians of the future.

"When Britain has built up a key skill or advantage in the world we must always do our utmost to develop, retain and enhance it."

There are no details of how much money this will be yet, although Mr Hague is expected to reveal this during his visit to the former code-breaking centre.

Iain Stewart, MP for Milton Keynes South, said: "I have long been a supporter of Bletchley Park Trust and I am pleased that the Government has recognised the importance of maintaining this historic site.

"Bletchley Park was home to some of the greatest minds of the Second World War and I think it is a fitting place to announce the new schemes to recruit this generation's brightest mathematicians."

Counterpart for Milton Keynes North Mark Lancaster said: "I am delighted that the Government is investing money into Bletchley Park, this will mean that its history will be preserved for future generations."

The date for Mr Hague's visit has not yet been confirmed, but to follow the story keep an eye on www.mk-news.co.uk.

Carnival raises £10k

MORE than £10,000 has been raised for good causes by a popular summer carnival.

A cheque for £10,014 was handed to West Bletchley Community Project after the money was totted up following the town's carnival.

The project has recently received the keys to its new premises on Whaddon Way and has been inundated with requests to hire the new community facility.

Veronica Belcher, chairman of West Bletchley Town Council which organises the annual carnival, said: "We are delighted to have been able to support this important project."

Health centre gets OK

CONSTRUCTION on a town's new health centre will begin before the end of the year.

The region's Strategic Health Authority has give the go-ahead for the new centre in Wolverton, which is now expected to be open and operational by autumn next year.

The current building will be replaced at its existing site on Gloucester Road by the £2.3million new build.

During construction there will be limited parking on site, but the health centre will be open for business as usual. It will be demolished when the new building has been completed.

ON THE BALL: More rugby games like this will be seen at stadiummk if its bid to host the World Cup succeeds

MK on shortlist for hosting World Cup

BY DAN PALMER
dan.palmer@mk-news.co.uk

MILTON Keynes could seal a place in sporting history if it succeeds in a bid to become a host city for the Rugby World Cup.

That was the view of Dons chairman Pete Winkelman after *stadium***mk** was named on a 17-strong shortlist of potential venues for England 2015.

Mr Winkelman acknowledged that there is a lot of work still to be done, but when asked if the city was in with a shout he said: "I think we've got a really good chance."

Only 12 stadiums will be selected to host matches in total with the list due to be whittled down in the spring.

Hosting the Rugby World Cup would go some way to making up for the disappointment of missing out on the Football World Cup in 2018.

The stadium was selected as a venue for England's bid, but the country was ultimately unsuccessful as Russia was selected as the host nation.

"This could be massive for the people who live here," Mr Winkelman said.

"It's not about the football club, this is a bid for Milton Keynes and we are all working so hard, and keeping our eyes on the prize.

"I think we've got a real chance. We all love it when Milton Keynes is shown off to an international audience."

Efforts to make the World Cup shortlist have been going on behind the scenes for months, with Milton Keynes Council and local rugby giants Northampton Saints also involved.

The stadium is currently being upgraded with work to bring the capacity up to 30,500 due to be completed next year.

With its concourse, padded seats, sight line and tight proximity to the pitch, Mr Winkelman believes he already has a perfect stadium for rugby, and the venue has already hosted Northampton matches.

Geography and standard of facilities are likely to be criteria considered by organisers, who will work on finalising the venues after the draw is made in December.

"There's obviously stiff competition," Mr Winkelman said. "We've got work to do."

Rugby World Cup matches could also pump millions into the local economy, with Destination MK General Manager Jackie Inskipp saying it would have a 'significant impact'.

When Ulster visited to play Northampton, their fans alone brought in just under £1million for one single game.

Leader of the Council Andrew Geary added: "This is another opportunity to demonstrate what a great city this is to the widest possible audience."

Political parties close to social rent agreement

HOMELESS families could soon be moving into empty properties in the city now that housing bosses are close to agreement on a rents issue.

A new proposal would see some social housing tenants paying 80 per cent of the market rent while others would pay less. The amount each tenant pays would be decided on an individual basis.

Previously, tenants have been charged around 50 per cent of the market rent but following a new Government initiative the Conservatives wanted to increase this to around 80 per cent, a policy Labour did not support.

Nearly 100 applicants are waiting for homes in Milton Keynes.

Now that the Conservative's and have reached a compromise these applicants could be housed if the policy is agreed by the cabinet next Wednesday.

Man arrested as part of £20k heroin probe

A MAN from Bletchley and two others have been arrested after thousands of pounds of drugs were recovered on a Bradford motorway.

Eight search warrants were carried out on Thursday in Milton Keynes, Bradford and Leeds by detectives from West Yorkshire Police's crime division in connection with the discovery of the drugs.

On Monday, July 16, officers stopped a car travelling along the M606 out of Bradford and found half a kilo of heroin, with an estimated street value of around £20,000.

Officers arrested the 29-year-old from Bletchley, as well as a man, aged 40, from Rodley in Leeds, and a 40-year-old man from Girlington, Bradford, on suspicion of conspiring to supply class A drugs.

They've all been interviewed by detectives and released on police bail pending further enquiries.

The Point would work better as a bus station

SIR – It may sound like wishful thinking, but the area where the Point stands in CMK is in my opinion, an ideal location for a bus station.

The bus stops in Central Milton Keynes are all higgledy-piggledy. No one except the regular bus users know which bus stops where. And there is no central information board where bus users can get this information.

The situation is difficult for able-bodied, sighted bus passengers, never mind the problems faced by disabled and sight impaired passengers.

We are proud of our city. Let us make our public transport more user-friendly with a user-friendly central bus station on the site of the Point.

Labour is to blame for increased curry costs

SIR – I write in reference to your story concerning Mohammed Khan's comments regarding the increased costs of running his Indian takeaway due to the increase in VAT (MK NEWS, September 26).

Mr Khan suggests "suppliers are charging us more but we can't pass that on to customers".

If a supplier was previously charging £4.70 (inc VAT) for an item, they are now charging £4.80.

Also, it's worth noting that if Mr Khan's business is VAT registered, he can claim back the VAT paid to suppliers. So whilst the cost of the end product rises, on a meal previously costing £10, the cost is now £10.21.

The reality of the VAT increase is that we're all paying a little more for mostly discretionary items. And we're paying a little more because the last Labour government spent a decade – years before the banking crisis – running up huge deficits that our country is now struggling to pay back.

If Mr Khan wishes to blame someone for the increased costs in running his business, his local Labour Party are the first point of contact for that complaint. However there is good news for Mr Khan. The government has cut corporation tax, ensuring Mr Khan makes a greater profit for his hard work.

Perhaps he should join the LibDems?

Great tea and cakes at new charity shop

SIR – My fiance and I spotted the MacIntyre Coffee Shop sign at The Point and we decided to pop in for some refreshment and support the charity at the same time.

We were greeted in a friendly way by the staff and the general appearance of the coffee shop was good. And I have to mention the gorgeous, freshly baked cakes, which we enjoyed, and a cup of tea to wash it down with.

Sure they may not be the cheapest in town, but they must be one of the best. So all in all I would definitely recommend this coffee shop to anyone!

Uncertainty will not be good for rail services

SIR – Arun Valdyanathan's letter about Network Rail and privatisation vs public ownership (MK Letters, October 3) clearly demonstrates his political views but it is of little direct relevance to local residents.

Last year I returned to Milton Keynes after a 20 year absence and I am truly amazed at how much better the rail service is compared to the bad old days of BR! Back then we had draughty slow trains with uncomfortable old coaches. Now both Virgin and London Midland provide excellent frequent and fast services. The services have truly been transformed, particularly by Virgin.

Clearly the DfT made a complete mess of the West Coast re-tender and as someone who has been involved in public sector procurement initially as a Civil Servant and latterly a supplier, I am appalled at the waste of money, time and effort.

As a local resident, however, I am likely to be affected more by the uncertainty this brings to service improvements over a long period until the re-tender can be completed.

Whilst the services to Euston, Birmingham and the north are well provided, there are other destinations where direct services could be provided but aren't. I am disappointed to find that the Southern direct service to Gatwick has been discontinued. I would particularly like to see a direct service to Heathrow – the short link track between the West Coast south of Wembley and Western Main Lines east of Acton Main Line already exists and is planned to be electrified.

It is currently a pain of a journey by rail taking over two hours and involving at least two changes either using the exorbitantly-priced Heathrow Express or the excruciatingly slow Underground.

However I doubt that Virgin (or other interim provider) will have this type of service improvement in their sights. That is the real issue from a local viewpoint.

Thanks to customers for generous donations

SIR – Last Saturday, I spent the day with volunteers at Sainsbury's in the Brunel Centre, Bletchley, encouraging shoppers to buy and donate an extra food item as part of the Million Meal Appeal. Volunteers were doing the same at over 900 Sainsbury's stores across the UK, including the CMK branch.

Nationally, we collected enough food to provide two million meals for people in need. This was a brilliant initiative co-ordinated by the food charity FareShare who are now busy redistributing the collected food to over 700 groups across the country. I am really pleased that all the food collected in Milton Keynes has gone to MK Foodbank.

We all know that times are tough. Rising living costs, benefits changes and falling wages are putting a real squeeze on many families. But through excellent groups, such as MK Foodbank, a helping hand is still present to get people back on track. It is disgraceful that as the seventh richest nation in the world children are going hungry at night. I fear things will get worse over the winter months as heating bills go up again; and next year with cuts to council tax benefit and the introduction of the Universal Credit.

It was a pleasure to give back some of my time to help others. Finally, a huge thanks to all the staff at Sainsbury's and everyone who stopped to make a donation.

Please take action to slow traffic on the V8

SIR – I am writing with reference to the speed of cars coming from the 'magic roundabout' and going towards it on the V8. It is a nightmare.

We have had three accidents along that stretch of road recently. Hardly any of the cars coming round to the V8 seem to use indicators and at school time it's even worse.

I use a disabled scooter to take my dogs out and I have to cross the V8 to the redway. One morning last week a women driving a large car with two children inside was on a mobile phone. The next day a man in a sports car was clearly speeding and passing cars on the wrong side of the road.

We have repeatedly asked for a lower speed limit and to have warning signs put up to alert drivers to parents and children crossing from Stantonbury to the redway and back.

We have three schools and a lot of children crossing but no one has taken any notice. Does a child have to get killed first before some action is taken?

Turing was greatest ever mathematician

SIR – I read with interest the letter by Dr Donald Allington (MK Letters, September 26) regarding my comments and views on Alan Turing and the potential cult status being generated around this remarkable man and world leading mathematician.

I wish to state here and now that I consider Alan Turing to be the greatest mathematician that has ever lived. Indeed, to this end, I had a lengthy argument with two senior tutors from Cambridge. They asked if I thought he was even greater than Aristotle, to which I answered yes, adding 'how many lives did his work save?'. They said they could not reply to that.

Following his education at Sherbourne School, Alan Turing went to King's College Cambridge. He made dramatic leaps forward in our understanding in quantum mechanics and mathematical logic as well as in many other areas.

His progression was such that he was made a Fellow of King's College in 1935. In 1936 he received the prestigious Smith's Prizeman's award.

Alan Turing died in 1954, but, like his mother, I do not believe that he took his own life as was determined at the inquest.

This is something that I am still investigating further and will make my views known in due course.

Sorry for the length of my letter but I feel it is important that all those involved throughout WW2 deserve our wholehearted thanks.

Future: An artist's impression of the proposed new Midsummer Place development

Shopping centre vision is unveiled

BY ADAM GRINSELL
adam.grinsell@mk-news.co.uk

PLANS for a £15million upgrade to Midsummer Place Shopping Centre - which could mean a 'significant' number of new jobs - have been submitted.

Legal & General Property (LGP), which owns the centre, hopes to add 57,000 sq ft of new retail space designed to attract more international fashion retailers.

The development would also create a new restaurant quarter as well as a significant number of new jobs, said LGP, although a figure has not been announced.

The plans have been submitted to Milton Keynes Council.

Helen Snooks, senior asset manager for shopping centres at LGP, said: "Milton Keynes has established itself as a major regional shopping destination and it is important that we support this by continuing to invest in and improve its offering in order to best serve our discerning customers and maintain this position."

Midsummer Place Shopping Centre provides 430,000 sq ft of retail space and has an annual footfall of more than 17million. More than 1,400 people are currently employed at the centre.

If the application is approved by the council, work is expected to start on phase one of the development in early to mid-2013, alongside the delivery of two new restaurant units between Pret A Manger and Burger King for which LGP already has consent.

David Hopkins, council cabinet member for economic development, declined to comment on the scheme specifically, but said Central Milton Keynes is starting to 'look its age'.

He added: "I'm not suggesting for one minute this is the right or wrong application, but I certainly think the CMK offer needs to look at that of places like Westfield in Stratford. We need to look holistically at CMK."

'Green' light for underpasses

ENERGY-saving lighting is to be introduced to all of Milton Keynes' underpasses.

Milton Keynes Council will fit cutting-edge light-emitting diode (LED) lighting in an effort to save £93,000 a year. About 3,400 will be fitted by the end of the year.

LED lighting is designed to operate for about 10 years with a minimal need for maintenance, unlike conventional fluorescent lamps.

The council will also look at turning off the lights in the day.

Cllr John Bint, portfolio holder for highways and transportation, said: "They will provide a cleaner, greener source of lighting for people using our underpasses."

CELEBRATION: Victoria Parkes (left) and Sophie White at the launch of the new group

Giant gingerbread man celebrates group launch

A GIANT gingerbread man has been created to celebrate the launch of a new support group for single parents.

The group will be supported by the national single parenting charity Gingerbread and will be held weekly between 9.30-11am at Saplings Children's Centre in Queensway, Bletchley.

Single parents are encouraged to come together meet new people, get support and share their experience and children are welcome too.

Sophie White, a parent who attends Saplings, was the driving force behind the group.

She said: "Our group will be very informal and we look forward to welcoming parents from across Milton Keynes, not just those who come to Saplings. "Hopefully we'll see as many people as possible next Tuesday.

"Gingerbread is a wonderful charity that provides advice and practical support for parents who find themselves alone.

"I am very grateful for the support I have received from Saplings Children's Centre."

Poorest could be hit with £3m bill

THOUSANDS of people on council tax benefit could be forced to foot a £3million bill because of planned cuts in Government funding for the scheme.

Already Milton Keynes Council bosses have written twice to ministers asking for a rethink to changes to the benefit scheme, which comes into force next year.

Government is scrapping Council Tax Benefit from April, which means local authorities will have to create their own schemes and decide how to offer discounts to those currently on the benefit.

But at the same time central Government funding which subsidises the benefit is being cut to the tune of around £3million in Milton Keynes – which means those currently on benefits could have to start contributing to their council tax. At this stage is not clear how much people might individually have to pay.

Conservative councillor Edith Bald said: "It's quite a big challenge for the council. There's around 22,000 people on Council Tax Benefit in Milton Keynes. Around 7,000 of those are protected from the changes, so that leaves about 14,000 people who are left to share this burden."

A consultation has been carried out with residents which Cllr Bald says suggests everyone should pay a per centage of their tax.

Other local authorities have adopted this method, such as Manchester where everyone will be paying at least 20 per cent.

Labour opposition Cllr Nigel Long says any funding cut should be financed from council reserves.

He added: "The bottom line is that any shortfall should be picked up from the reserves. There's no need to penalise those people affected."

The issue is expected to be debated the council in December, with a decision in February.

MKNEWS BRIEFS

£1m fun day celebration

A FUN day in Conniburrow on Saturday will mark a £1million donation to the estate by the National Lottery. As reported by MK NEWS, the estate received a Local Trust Fund grant earlier this year and will celebrate with music, games and dancing in the Local Park on Conniburrow Boulevard from noon.

Charity night hits £1,100

INDIAN restaurant VerandahTalk in Wolverton raised £1,100 for Willen Hospice and MK Dons Sport and Education Trust (SET). It held a swanky black tie event on Saturday night at the eatery on Stratford Road with music and a raffle. Guests included Mayor of Milton Keynes, Councillor Catriona Morris, who was there to represent her chosen charity MK Dons SET.

Residents asked to find a use for community house

RESIDENTS have the chance to help shape the future of a community building in the city.

Duncombe Street Community House is currently owned by Milton Keynes Council (MKC) but residents believe the building is not used enough.

Under the Community Asset Transfer (CAT) the building could be handed over to Bletchley and Fenny Town Council (BFTC, giving the community a chance to run the facility.

Martin Beane, of Walley Drive, Bletchley, said: "The house is massively underused. It would be great to see it used to help unemployed people. Stuff like writing a CV because people signing on don't get enough time with staff at the job centre to get help with things like that."

Lisa Courtney, clerk for BFTC said: "The Community House is the first building BFTC are looking at taking over to make sure it is fully utilised by the community.

"We've had a number of ideas come through from a creche to outside bodies such as Citizens Advice using it."

The town council is now asking residents to help by filling out a questionnaire about the community house. Find it at www.surveymonkey.com/s/5l8QDXM.

Memorial plans begin to bloom

BY ANNA MAUREMOOTOO
anna.mauremootoo@mk-news.co.uk

AFTER a 20 year campaign the city is on the verge of finally establishing a permanent memorial to one of Milton Keynes' founding fathers.

Next month City Gardens in CMK could become Fred Roche Gardens in memory of the man who was an integral figure in shaping the city.

The three acres of green space behind Christ the Cornerstone Church is owned by Milton Keynes Council (MKC) who agreed the name change with the Fred Roche Foundation last week.

Mr Roche was the General Manager of Milton Keynes Development Corporation and led the team of architects, landscapers and engineers who built the 'new city' of Milton Keynes

His widow, Val, along with the foundation, has been lobbying MKC for a permanent memorial for her late husband.

Mrs Roche said: "I'm happy that there is finally a fitting memorial for Fred. We have been trying to get this for 20 years.

"But rejuvenating the area is a big project, Fred set and met very high standards in his work. It would be inappropriate to put his name to something that didn't match up to his vision."

"I appeal to everyone who remembers Fred, or knew of his work, to speak up now to ensure that this project is of the highest quality, and rightly reflects Fred's enormous contribution to our city."

Fred Roche died in November 1992. He led the development of MK from 1970 to 1981 when he joined up with Terence Conran and completed projects including Michelin House in London.

Greg tribute has spelling howler

BY ANNA MAUREMOOTOO
anna.mauremootoo@mk-news.co.uk

A PLAQUE celebrating Greg Rutherford's Olympic gold medal success has caused some red faces in his home town.

Because the special tribute contains two spelling errors – the name Woburn Sands has twice been written as Sand's with an apostrophe between the 'd' and final 's'. It should be just Sands.

The tribute celebrates Greg Rutherford's 8.31-metre jump on 'Super Saturday' at London 2012.

It was unveiled in front of hundreds of fans at Mowbray Green, Woburn Sands, during a bus parade for the Ginger Wizard.

The American spelling 'meters' also features on the plaque, but thankfully the errors have been spotted by council officials and the plaque is being replaced.

Councillor David Hopkins, Mayor of Woburn Sands, said: "The plaque was donated to us on the day of the parade and unfortunately it wasn't seen by any members of the town council until it was unveiled.

"It has now been taken away and is in the process of being replaced by the company who are funding the new sign themselves.

"When it is replaced it will no doubt leave a few red faces but it was just an unfortunate mistake.

"Everything on the day was donated and we are very grateful to everybody who made a contribution."

The misplaced apostrophes didn't seem to have any impact on the success of the parade which saw the streets lined with thousands of people holding their very own Greg signs.

And it didn't seem to bother the golden boy either who tweeted after the event: "Wow!!! What an amazing evening!! Woburn Sands Council were out of this world putting on an amazing show! Thank you."

MISTAKE: Unfortunately the name Woburn Sands has been spelt incorrectly twice on the tribute plaque which is now being replaced

Burglars in 168mph car chase are jailed

BY ANNA MAUREMOOTOO
anna.mauremootoo@mk-news.co.uk

TWO men have been jailed for assaulting police officers with a screwdriver and burglary.

James Connor, 44, and Daniel White aged 20, both of no fixed abode, took part in a series of burglaries at properties in Hampshire Court in Bletchley on Monday August 6.

Police were called as the fourth burglary was in progress and when confronted by officers, Connor and White assaulted them using the tool.

Due to the level of force used against them, officers were unable to detain the two burglars. They then made off in a stolen vehicle leading to a chase through Buckinghamshire, Bedfordshire and Hertfordshire, reaching speeds of 168 mph.

The getaway vehicle was found abandoned in Hertfordshire.

Subsequent investigations by Thames Valley Police led to the arrests of Connor and White who were remanded in custody.

Connors pleaded guilty to four counts of burglary and assaulting a police officer. He was sentenced to four years and one month imprisonment at Amersham Crown Court on Friday September 28.

White pleaded guilty to four counts of burglary, assaulting a police officer and dangerous driving. He was sentenced to five years and six months in prison.

Investigating officer DC Paul Lilley said: "This was a case of burglaries in homes where the victims were elderly and vulnerable. All of the victims have been traumatised by what happened.

"I hope these sentences send a message to those that consider committing such crimes that you will be pursued, caught and dealt with robustly by both the police and the criminal justice system."

CONVICTED: Daniel White (left), aged 20, and James Connor, aged 44

Volunteers spruce up youth club

MAKEOVER: Volunteers at the youth centre

BY ADAM GRINSELL
adam.grinsell@mk-news.co.uk

A YOUTH club's garden that was badly in need of being spruced up has been rescued after a makeover by a team of caring volunteers.

Staff from construction company Morgan Sindall took time out to lend a helping hand in refurbishing the overgrown garden at Bletchley Youth Centre on Derwent Drive.

The team spent a week clearing the space to install a barbecue area, an allotment patch, new benching and fitted lighting to provide the centre's 554 members with their very own outdoor chill-out zone.

The youngsters' creative talents were also put to use as they designed a number of pieces of artwork to be displayed on the walls surrounding the gardens.

Debbie Scott, Bletchley Youth Centre management team member, said: "The fabulous garden created for the young people and other members of the community who use the centre has reached far beyond our expectations.

"We are extremely thankful to the team from Morgan Sindall for selecting us for their 2012 makeover."

The refurbishment was carried out as part of Morgan Sindall's Neighbourhood Week, a charity initiative organised at each of the company's UK offices, which saw teams of staff transform spaces for good causes.

The centre provides social and informal educational opportunities, through mediums including sport and arts, for people aged between ten and 19-years-old.

Project support came from a variety of local sub-contractors including RAK Carpentry and Precision Brickwork.

Bob Ensch, area director for Morgan Sindall, said: "The Neighbourhood Week has been a huge success across the region allowing the company to help out with community causes.

"We're delighted to have been able to support Bletchley Youth Centre which offers a fantastic service to youngsters in the area."

Art's helping to keep people off the streets

BY ADAM GRINSELL
adam.grinsell@mk-news.co.uk

PEOPLE with alcohol and drug problems in Milton Keynes are being urged to turn to art to help tackle their problems.

The first scheme of its kind in the city, Creative Recovery Trading MK (CRT) is a social enterprise which aims to boost the self esteem and prospects of those with substance misuse problems.

It aims to introduce them to art to increase their confidence and skills, while making money which will be ploughed back into the initiative through selling merchandise adorned with the users' work.

The scheme is being run by Crime Reduction Initiatives (CRI), a health and social care charity.

David Day from CRI said: "The scheme is essentially aimed at reducing crime throughout the city, especially substance misuse-related problems, and the knock-on issue of homelessness.

"We want to achieve a sustainable business. We will produce a range of products that we can use to be sold and then reinvest."

People wishing to use the service must first be referred to CRI by one of its partner agencies, such as a GP or Milton Keynes Council.

Users of homeless charity Open Door, which is helping to run the scheme, can also be referred to CRI.

Jacqueline Longman from Open Door said: "We have done art and exhibitions with our service users in the past, and we see how people can lift their self esteem and confidence.

"With this initiative, if someone does a piece that they think will look good on say a mug or T-shirt, then CRT will pay for the print, which can then be sold on."

Works of art: CRT MK volunteers Andy Flanagan, *left*, with some of his matchbox art, and Jimmy Grant with his paintings

Rail delay will hit passengers – MP

BY ADAM GRINSELL
adam.grinsell@mk-news.co.uk

IMPROVEMENTS for city rail passengers will now be delayed after a decision on the West Coast Mainline franchise was overturned by the Government.

That's the warning from MP for Milton Keynes South Iain Stewart, who is upset that the bidding process will start again after FirstGroup had been awarded the franchise over Virgin.

He said: "As a local MP I am disappointed that there will be a delay in passengers seeing the improvements in service that the new franchise will deliver.

"FirstGroup were planning to stop more trains at MK Central, introduce new and refurbished trains and cut fares.

"I am meeting with both Virgin and FirstGroup to press again the case for better services from MK."

As part of its tender success to operate services on the line through MK, FirstGroup had promised an additional peak departure to London, and two more stopping trains per hour from 2016.

Following the Government's decision to restart the tendering process last week, the company said: "We submitted a strong bid, in good faith and in strict accordance with the Department for Transport's terms.

"Our bid would have delivered a better deal for West Coast passengers, taxpayers and an appropriate return for shareholders."

Disappointed: MP for Milton Keynes South Iain Stewart

Since the Government's decision last Wednesday three officials have been suspended. Business leaders have called for independent inquiries to find out exactly what went wrong. The decision to re-run the bidding process is expected to cost the taxpayer a total of £40million.

Losing history is a bridge too far

AN HISTORIC bathing spot on the River Ouzel at Newport Pagnell – where generations of families once learnt to swim – has been saved.

It was threatened by a scheme to move an unsafe bridge. But now Milton Keynes council officials will rebuild the existing structure instead. That has saved the bathing spot, *pictured*, which was used by swimmers until the 1950s. It's now a favourite area for local walkers.

Councillor Douglas McCall said: "It's important to save our history."

Drop-in launched to support needy

BY ADAM GRINSELL
adam.grinsell@mk-news.co.uk

A DROP-IN service to help some of Milton Keynes' most disadvantaged people has been launched.

With one in five children in the city living in poverty, and the Netherfield and Beanhill estates consistently ranked as two of the poorest places to live as part of the annual Social Atlas, a parish councillor is taking action.

Cllr Joyce Hall, who represents Netherfield on Woughton Community Council, has set up a new drop-in that is believed to be the first of its kind.

Residents of the two estates can call in to the council's office on Farthing Grove, Netherfield, on a Thursday between 10am-noon, and have a cup of tea and biscuit while they speak to their parish councillors directly about any problems they have.

The drop-in is also collecting donations of children's clothes and other items such as push chairs, that can then be given to needy families.

Cllr Hall said: "Considering that one in five children in Milton Keynes is hungry, we decided to try to do something about it.

"We can advise people on what to do, for instance where to get food parcels.

"Woughton is really in a terrible state - there's not enough money floating around.

"There are other places that people can go, but they won't have parish councillors they can speak to directly."

BY ADAM GRINSELL
adam.grinsell@mk-news.co.uk

BLACK History Month began with a bang on Saturday as celebrations took to the city's streets.

At 10am a parade, organised by MK Melting Pot, set off from The Point and made its way to the Church of Christ the Cornerstone, before the day-long celebrations got into full swing.

As well as African drumming and Caribbean hip-hop dance, there was a fashion show and competition for the best African or Carribean attire, a display of traditional artifacts, arts and crafts, children's activities including a bouncy castle and refreshments.

Get Milton Keynes thinking campaign

Join in the Stephen Perse Foundation's Get Milton Keynes Thinking campaign. Every week, for four weeks, we'll be posing a philosophical question for you to answer here in the MK News. The questions will be similar to those asked of the children at the Stephen Perse Foundation's schools in Cambridge as part of our unique curriculum. They are designed to exercise the mind in exploring possible solutions to something that has no right or wrong answer but can be viewed from many different perspectives. The results are always interesting and intriguing and sometimes very entertaining!

You can see some of our children at work in a short film on the MK News website www.mk-news.co.uk

This week's question is:

Is it always fair to be fair?

Suspected murderer hung himself in cell

BY ADAM GRINSELL
adam.grinsell@mk-news.co.uk

A SUSPECTED murderer being held at HMP Woodhill took his own life, an inquest has decided.

A jury of nine delivered their decision at the inquest into the death of Rimvydas Liorancas, 37, at Milton Keynes Civic Offices last week.

The Lithuanian national was charged with the double murder of Birmingham couple Avtar and Carole Kolar, whose bodies were found at their home on January 11.

Mr Liorancas was discovered hanging in his single-occupancy cell at the Milton Keynes prison, where he was on remand, on January 28. Despite a 40-minute resuscitation attempt, he was pronounced dead at 9.30am.

When the inquest into his death reopened on Wednesday Acting Detective Sergeant Philip Walsh, who was the senior officer investigating the death, said Mr Liorancas appeared to have fashioned a ligature from a prison issue bed sheet.

He also said two letters written in Lithuanian were found at the scene – one was a suicide note which was signed 'RIP', and another was a letter to a family member explaining that he was not happy with his situation.

Prison officer Mark Cairns, who interviewed Mr Liorancas on his arrival at Woodhill, told the inquest he was in 'good spirits' and showed no signs of that he might take his own life.

He said: "When I heard of his death I was very shocked, I didn't think he would ever do that.

"When I spoke to him he was happy."

Due to his demeanour and the fact he showed no signs of self harm, Mr Liorancas was classed a 'standard' prisoner and checked five times during the night.

Vanishing signs showing up MK

BY ADAM GRINSELL
adam.grinsell@mk-news.co.uk

MORE than 100 road signs are 'missing' from the streets of Milton Keynes an official review has revealed.

They include direction signs pointing motorists to the city centre or crematorium. Most have been damaged in road accidents and not replaced, often leaving unsightly poles at the roadside.

The problem was revealed after a plea to replace missing signs by city Liberal Democrat leader Douglas McCall.

He said: "If you are a person coming in to Milton Keynes, the city must look run down.

"And how are you supposed to find your way around if you are new to the area?

"It's a sign of general neglect. I've been calling for months for the administration to do something about it.

"They can't do them all in one go because they've left this to go on for some time, so perhaps they can look at those that are most needed first."

After an audit Milton Keynes Council identified 109 missing signs, although many are 'secondary signs that assist with motorist directions but are not required by law'.

Sign off: Cllr Douglas McCall wants missing signs replaced

The signs can cost anything from £60 upwards, depending on size. There there is still the additional cost of actual fitting

A spokesman said: "The council has allocated £25,000 to re-introduce the signs where the audit recommends."

Cllr John Bint, in charge of transport, said some signs have taken longer to replace than he would have liked, but as they must be ordered in batches there could be a delay.

Council Tax Benefit is Changing:
Last Chance To Have Your Say
Consultation closes: 17th October 2012.

Council Tax Benefit is a benefit for people on a low or no income to help them pay their Council Tax.

Milton Keynes Council currently receives funding from the government to cover the cost of this benefit, but government has announced plans to abolish Council Tax Benefit. Instead, from April 2013, councils must manage their own local schemes on a reduced grant.

In Milton Keynes we estimate that the government's cut will reduce the income we collect through Council Tax by £3m, which represents a significant challenge.

Before decisions are taken about a local scheme, we are seeking feedback from local people.

You can find out more about the changes and what it may mean for you, and have your say in the consultation at http://www.milton-keynes.gov.uk/tax-benefit or please pick up a consultation leaflet "Council Tax Benefit is Changing" from your local library.

Wyn's 'secret'

STAYING MUM: Wyn at Bletchley Park around 1939

SEVENTY four years ago Wyn Ribchester was living in Bletchley Park and had to sign the Official Secrets Act. Now, free to tell the tales of her years at the code-breaking centre, she talks to **ANNA MAUREMOOTOO** about seeing Winston Churchill, learning about radar and being isolated from her friends.

WYN Ribchester will never forget the day when as a schoolgirl she saw Prime Minister Winston Churchill arrive for a wartime visit to the secret code-breaking centre at Bletchley Park.

But she couldn't say a word about the historic moment because Wyn, now 86, lived with her family in Cottage Number Two in the grounds of the park and was sworn to secrecy about events there.

Now able to speak freely, Wyn said: "I saw Churchill when he visited. He was wearing his famous Siren suit – and all these high-ranking officers were on the front lawn.

"When I went to school the next day everybody was saying 'Hey, did you see Churchill yesterday?' and I had to say 'no'. One of them said 'we have someone billeted with us who works at Bletchley Park and he told us' – I thought 'so much the Official Secrets Act'."

Keeping such stories hush-hush may seem a lot of pressure to put on the shoulders of a young girl but for Wyn it was second nature.

She said: "It was ingrained into me. I just had to be vague and deny things. I was surrounded by grown-ups but they didn't patronise me or talk down to me, I was just one of the blokes. I was very aware of what was going on around me.

"We had a Royal Air Force officer who used to stay with us and people used to come in and talk about RDF. I asked him what it was and he explained that you fire a radio beam up in the sky and you can tell all sorts

wartime life at Cottage No. 2

of aircraft activity. He said it stands for Radio Direction Finding and, of course, that was later known as radar. He said: 'It's very, very secret'."

Wyn's father, Harry Hymers, worked for the Secret Intelligence Service and was one of the few wartime workers at Bletchley Park to live on the site.

The Hymers family, Wyn, Harry and her mother Etty, lived in the cottage – where Gordon Welchman invented the Bombe machine which helped break the German Enigma Code – for two years.

Wyn said: "It was very lonely. I wasn't allowed to have friends into the park so my friendships were very one sided. I could visit them but they couldn't visit me."

Wyn lived at Bletchley Park until 1940 and then moved to another part

REUNITED: Wyn Ribchester (right) and Jean Cheshire

of the town. She now lives in Kent and during a return visit last week was reunited with an old friend, Jean Cheshire.

Jean was six years old when her family moved into the cottage at Bletchley Park as Wyn's family moved out. Her father, Robert Budd, was head of work services.

Jean said: "Father wouldn't tell us a thing about what he was doing.

"Once mother said to us 'you have to be very quiet because people are working next door'. That was where Dillwyn Knox, one of the code-breakers, worked."

Although Jean now lives in Luton she stewards at Bletchley Park a few times a month to add a human touch to the code-breakers story.

"I'm pretty sure, although I can't be certain, that Alan Turing visited our house because we had a lady billeted with us who I think was his mother," she said. "I remember when a bomb dropped. One night I had a nightmare, or that was what my mother told me had happened, but the next day I was walking to school and there was a hole in the one of the gardens. I asked someone what had happened and they said a bomb had been dropped."

Jean is featured in a book called Children of Bletchley Park, which is available to download from http:bookstore.authorhouse.com. It is written by Jean's brother, Neville J Anderson-Budd.

Two new cricket pitches unveiled

BY DAN PALMER
dan.palmer@mk-news.co.uk

TWO new synthetic cricket pitches have been created in the city following a cash injection of more than £10,000.

The Woughton Sports Pavilion was given £11,710 by the England and Wales Cricket Board (ECB), in partnership with Sport England.

It means that two non-turf wickets have been added to the variety of pitches which are already at the site.

Woughton was specifically identified by the ECB and the Buckinghamshire Cricket Board (BCB) as a good place for the money to go because of the potential cricket development opportunity in Milton Keynes.

The project, which cost £15,000 in total, aims to promote youth cricket, as schools may not have the required space, and also games between businesses through short format matches called Last Man Stands.

This version of the game is eight-a-side and matches can be completed in just over two hours.

A further aim is to create a base for representative teams in the north of Buckinghamshire, as players from across the county currently face a trip south to the headquarters in High Wycombe.

BOWLED OVER: Clifton Simms and Andy Ward (green tops) with Mark McKinlay from MK Council and youngsters trying the new cricket wickets

Clifton Simms, a newly appointed Cricket Development Officer based at the pavilion, said: "We have two cricket playing areas on this top grade multi sports venue which includes the MK Dons Academy, four football pitches, hockey, tennis, softball and baseball and we are very keen to increase participation in this area.

"We are very grateful to the ECB and Sport England for their most generous grant."

Funny Dan is the man

IN August 2008, at the age of just 17, Daniel Sloss became one of the youngest finalists in TV's national comedy competition So You Think You're Funny?

The following year, his debut solo show Teenage Kicks premiered at the Edinburgh Fringe, before transferring to London. That made him the youngest stand-up comic to perform in the West End.

Now in his 20's he's toured internationally, sold out four Edinburgh Fringe seasons, starred on Michael McIntyre's Comedy Roadshow, Mock The Week and his own show The Adventures of Daniel. To top it all off, he recently left home!

So, now the gloves are really off (although the dirty socks are still on the floor) and Daniel is preparing to bring a full-length version of his Edinburgh smash, called The Show, to The Stables.

See it on Thursday, October 18, starting at 8pm. Call 01908 280800 for tickets.

nationalballet

ENGLISH National Ballet will once again perform MacMillan's classic production of The Sleeping Beauty at Milton Keynes Theatre between October 17-20.

Combining grand sets and costumes, Tchaikovsky's score and displays of virtuosic dancing, The Sleeping Beauty is a dazzling showcase of classical ballet.

MacMillan's sumptuous production opens as King Florestan and his Queen celebrate the christening of Princess Aurora.

Three fairy godmothers bestow their magic gifts on the infant.

Suddenly the Fairy Carabosse, whose invitation has been overlooked takes her revenge by pronouncing that one day Aurora will prick her finger on a needle and die.

The Lilac Fairy intervenes with the promise that Aurora will not die but fall into a deep sleep from which she will be awakened after 100 years by a Prince's kiss.

Tickets available at Milton Keynes Theatre Box Office on 0844 871 7652 or www.atgtickets.com /miltonkeynes. Booking fee applies.

funnybusiness

MORE top telly comedians are appearing at Sno!Bar at Xscape tomorrow night.

Taking to the stage will be former upholsterer Mick Ferry, *pictured*, who has recently been seen on Michael McIntyre's Roadshow and in the acclaimed Ken Loach movie Looking For Eric.

Also appearing is cheeky Sunderland comic Matt Reed, who has been seen on Comedy Central's Live At The Comedy Store and 'probably has the best scratch card joke on the entire circuit'.

Dave Gibson can be seen on T4, but don't hold that against him as he is a brilliantly funny act described by none other than Will Ferrell as 'hilarious'.

Chris Martin has fewer TV credits than the others, but his own brand of geek comedy is such a hit that you can expect to see him all over the place very soon.

It starts at 7pm and tickets cost £10, with group discounts available from Mel on 01908 680824.

See www.its-comedy.co.uk for more information.

Also this week is the ComedyShed at the WatershedMK in Newport Pagnell, which takes place on Monday.

Between 7-9pm there is a comedy workshop, open to all abilities, and after 9pm there will be a comedy open mic.

takenagain

LIAM Neeson voiced what went on to be a famous movie quote when his character in Taken told his daughter's kidnappers: "I will look for you, I will find you, and I will kill you."

That tale of a father's determination to bring back his little girl became hugely popular, especially among male cinema-goers, mainly due to the film's simple plot-line and huge amounts of action.

Now, Neeson is back for a sequel in the shape of Taken 2, a film which takes the plot of the original and turns it on its head somewhat.

The Irish actor reprises the role of all-guns blazing action-hero Bryan Mills, who this time is actually taken himself along with ex-wife Lenore.

Daughter Kim, who was taken in the first film, avoids capture but is left information by Mills about how to bring the family back together.

There's some continuity as the bad guys are connected with the enemies who Mills butchered in the first film, so the theme of revenge is very much on the table.

When all is said and done, the makers have tried to reproduce the successful qualities of the original but like so many sequels, this sadly is not as good as the original.

The action scenes fall short and the storyline is a little bit too far-fetched. Fans of the first Taken may like it but to be brutally honest it just isn't the same.

honkytonk

MULTI-talented honky tonk pianist Ben Waters will be performing at The Stables on October 15.

He was voted the second best piano player in the world by Jools Holland, after Western swing pianist Jerry Lee Lewis, and even sang at Jools' wedding.

Ben has played for many prestigious events including Prince Charles' Garden Party and Hugh Laurie's 50th Birthday Party.

Last year Ben was instrumental in reforming The Rolling Stones, cutting an album with them in Jools' recording studios, entitled Boogie4Stu.

Ben is currently touring Europe with The Stones' Mick Taylor and will be at The Stables on the first stop of his UK tour.

Tickets cost £14.50 from www.stables.org.

videogame

DISHONORED looks set to be one of the most exciting video game releases of the year.

If you can get past the American spelling of the title, then what you will find is an intriguing game which could take up large swathes of your time.

You take control of Corvo Attano, a bodyguard to royalty who is then framed for murder.

To take his revenge, Attano becomes an assassin and so begins an exciting adventure in Dunwall, the spooky Victorian city where the game is set.

What marks the game out is that unlike a lot of others, there's no set way of doing things and no set path which takes you through to the conclusion.

The player is given a range of options when it comes to how to proceed – for example you can approach a mission using stealth tactics or force, or of course a combination of both.

Do you go in all guns blazing and take out your foes, or try and sneak in a side entrance?

With various combinations of magic and weaponry to get to grips with as well, Dishonored, which is out this week on Xbox 360, Playstation 3 and PC, is a game which can be different every time you play it.

MK Gallery | Out and about | Columnist

RANGER Bob Streatfeild this week talks about having 'pride' of place at Woburn Safari Park.

IT'S wonderful to see the look on people's faces when they go into the Lion House on a Big Cat Experience at the park.

I'll never get tired of seeing the variety of reactions of my guests. It's a primal response that we humans feel when standing next to such a large and powerful predator – even when there are safety bars between us and them!

Some guests are braver than others, as part of the experience is to feed the lions through the front of their enclosure, which is pretty daunting.

Lots of visitors to Woburn Safari Park ask the keepers about our beautiful male lion at the park, Kasanga, who joined the pride in the Kingdom of the Carnivores earlier this year.

Kasanga is three-years-old and will one day take over the leadership of the pride as the 'mane' man.

For now he is still young, so he lives separately from the pride of ten lions, for his own safety.

He has been introduced to one or two females out in the 32 acre reserve.

They will all get used to each other and they seem to have really taken to him - there's been some definite flirting going on!

scratchnight

TOMORROW'S Scratch Night at MK Gallery is a free film screening of Two Moon July.

This television documentary was a multidisciplinary event that featured experimental video, film, visual art, performance and music in a theatrical framework.

More than 30 artists participated in the programme, including Laurie Anderson, *pictured*. It was produced for The Kitchen, New York, by Carlota Schoolman and directed by Tom Bowes.

This production reflects a moment when art centres were experimenting with new modes of presenting the arts for television.

The film includes contributions from David Byrne (Talking Heads), Laurie Anderson, Phillip Glass and Cindy Sherman. The Scratch Night gets started at 6.30pm.

On Friday, there is the chance to see the film Eloge de L'amour (In Praise of Love) at 6.30pm, and on Saturday current exhibitor James Welling will be giving an artist's talk at 2pm. For more information visit www.mkgallery.org.

The Council of the Borough of Milton Keynes (Bilton Road (Part), Bletchley) (Temporary Closure) Order 2012

NOTICE IS HEREBY GIVEN that the Council of the Borough of Milton Keynes has, on the 10th October 2012, made an Order under Section 14(1) of the Road Traffic Regulation Act 1984. Its effect will be to temporarily prohibit all access along that length of Bilton Road, Bletchley, from its junction with Watling Street to its junction with Horwood Court, Bletchley.

The Council is satisfied that the temporary closure is necessary to enable works to be carried out, namely, replacement of a gas main.

Whilst this closure is in place the following alternative routes for traffic will apply:-

From Watling Street to Bilton Road:- Via Watling Street, Saxon Street, Bletcham Way and Bond Avenue and vice versa.

From Watling Street to Staplehall Road:- via Watling Street, Simpson Road and Staplehall Road and vice versa.

The 7.5 tonne environmental weight limit Order affecting Staplehall Road will be temporarily suspended during the hours that this temporary closure Order will be in effect.

It is anticipated that the temporary road closure will come into effect from Monday 15th October 2012 until Friday 2nd November 2012, inclusive.

There will be no exemptions from the provisions of the Order.

The Order will come into operation on the 15th October 2012 and will continue in force for a maximum period of 18 months or until the said works have been completed, which ever is the sooner. If the works are not completed within the maximum period stated, a further Order may be made with the consent of the Secretary of State.

Any person committing a breach of this Order will be liable upon prosecution to such fine as is prescribed by the Road Traffic Regulation Act 1984.

DONS 2 PORTSMOUTH 2 - LEAGUE ONE - FULL REPORT AND REACTION AT WWW.MK-NEWS.CO.UK/SPORT ATT: 10,409

Lucky escape: Brian Howard misses a penalty, but Izale McLeod gave Pompey the lead just seconds later

Manager was left 'seething'

BY ALL accounts the Dons dressing room was a turbulent place to be at half time on Saturday.

After a nightmare start to the game which saw Portsmouth cruise into a 2-0 lead and miss a penalty, manager Karl Robinson was left raging.

Pompey's Adam Webster scored an own goal to bring the score back to 2-1 going into the break, but not even that huge slice of luck could calm Robinson's mood.

"The gaffer was seething," skipper Dean Lewington said.

"I thought he was going to have a heart attack at one point as he tried to contain his emotions.

"He was actually trying to be positive but he was so angry I thought his head was going to explode."

It wasn't hard to see why Robinson was annoyed after a disastrous start at stadiummk which saw former Dons hero Izale McLeod come back to haunt his former employers.

The forward, still the all-time leading Dons scorer, started like a train and tormented the home defence.

He first won his side's penalty after tumbling over keeper David Martin, following a suicidal back pass from Shaun Williams.

Brian Howard's spot kick crashed against the post but Dons failed to switch back on and just seconds later, McLeod waltzed into the box with far too much ease before slotting home a cool finish.

The game was still only four minutes old and Pompey, who should have had another penalty when Williams hacked down Wes Thomas, went on to dominate against an out of sorts looking Dons.

They could have been out of sight but only added Gabor Gyepes' headed goal, which came after questionable marking from a free-kick, to their tally.

All of the talk before the game had been about a lack of potency in front of goal, but Pompey had proven that there are issues to address at the back as well.

Robinson made a first-half change and brought on Alan Smith as an extra striker, with right-back Jon Otsemobor the man sacrificed.

This paid dividends and after Webster's misfortune Dons were much improved, as they turned the game around to put Portsmouth under pressure.

Darren Potter eventually levelled by using his knee to send the ball into the roof of the net from point blank range, and then, remarkably given the start, Dons had opportunities to win the match.

The comeback could not be completed though as the same questions about finishing chances, which have been asked often this season, resurfaced.

In the end a draw was just about right in a topsy turvy game which produced question marks about Dons at both ends of the pitch.

From 2-0 down you would usually take a point though and by avoiding defeat the players probably avoided another rollicking from their manager who had earlier given it out with both barrels.

Robinson said: "Mick Harford had a go at them and I came in and spoke tactically, and I could feel myself just going.

"Someone walked in the door, I don't know who it was but I flipped on them.

"I was shaking. I'm not ashamed to say it affects me emotionally as I care for the football club and I care for the players and they knew they were better than that."

Centre back Gary MacKenzie was again absent from the squad with a groin injury, but he should be in contention for Sunday's televised trip to Preston.

His return would give Dons a huge boost as the Scot has looked strong in the back four this season.

Striker Ryan Lowe will also return from illness but there will be calls to play Smith up front after his introduction changed the game.

"Smithy I thought changed it," Robinson said. "I didn't change it, him as a person changed it.

"We started horrific. We spoke about the centre halves not being so attacking and the full-backs not being so offensive.

"We knew they wanted to run in between the two centre halves, and that's the disappointing thing as the penalty and their chances came through what we said we didn't want to happen.

"Maybe we should have scored a few more in the second half. We had the clear cut chances and never took them once again.

"It's something we'll keep going back to and I'll never stop until we get it right."

Robbo: refs treat Smith differently

ALAN Smith does not get a fair deal from officials according to his manager Karl Robinson.

The former Manchester United and Newcastle man, *pictured*, was deployed as a first-half tactical substitute against Portsmouth on Saturday and was instrumental as Dons battled back from 2-0 down to claim a point.

However, Robinson said that Smith should have been awarded a penalty following a push in the back in the second half, and argued that his big name player is treated differently by referees.

He said: "Alan Smith is dealt with very harshly and wrongly, he doesn't get anything.

"The boy has been fouled, punched at, spat at and kicked at.

"It's assault some of the things that happen to Alan Smith because people know that they are going to get a reaction from him."

Smith was lucky to escape with just a booking late in the game when he clattered into Pompey's Johannes Ertl.

"You shouldn't get a reaction, you can't do that and I won't condone it, but people have got to stop the fact that people are fouling, and pulling and pushing him, and trying to get him to do that," Robinson said.

"It borders on cheating to an extent and the referees are falling for it.

"I was told by an official that 'he's a player who was once in the Premier League and is trying to prove a point' - how can you accept that?

"I think he's dealt with differently to the rest and that's wrong."

Assistant boss MICK HARFORD writes exclusively for MK NEWS every week

This week, Mick reflects on a half time dressing down

SOMETIMES you need to have a little go at the players at half time and on Saturday they responded magnificently.

I was shocked and surprised at how we started the game, it was a bizarre opening.

We knew that the game could have been over after half an hour, but in the end we were unfortunate not to win over 90 minutes.

In the first-half we brought on Alan Smith which we thought helped us to get the result in the end, we had to do something about what was going on.

The players were brilliant and in training this week they've taken things on board as we plan and get ready for Sunday.

Their minds are now fixed on that game with Preston which will be another tough one.

Hopefully we won't have a start like that again, but every manager has a go at their players and there is nobody better than Karl in having a pop at them every now and again. He gets the best out of them.

I've been in dressing rooms when there have been a few home truths plenty of times, and sometimes it works and sometimes it doesn't.

When I was at Derby, Arthur Cox was a very strong character.

You knew the rules there and you knew the guidelines you had to work within.

I've also been in fights in dressing rooms where players have hung off my back, and vice versa.

It's all because of the sheer passion we have for the game and the willingness everybody has to win.

We all have that desire to be successful in football matches, but at the end of the day you pat each other on the back and move on to the next game.

Elsewhere, I was reminded of how strange football is when Rangers lost 1-0 to Stirling Albion, whose boss was at his own wedding.

It was one of the most peculiar results I've seen and as Alex Rae is a big Rangers man, we've all been taking the mickey.

MK and Olney run riot in big victories

MILTON Keynes racked up a half century as they saw off Tadley 50-19 in the Southern Counties North on Saturday to pick up a second win in a row.

City stormed into this game and scored six tries in the first hour, beginning with a brace for Gavin Whitehead.

The third then came from Stuart Tomkinson who broke from the back of the scrum and stormed over from ten metres out.

Scott Aspinall and Dan Rolfe added another two scores after good handling down their respective wings, but to spoil the party Aspinall was yellow carded on 25 minutes.

Tadley were at sixes and sevens at the back and when the ball popped out of the scrum, MK's Robert Lasbrey sneaked through the legs for an opportune try.

Phil Powell's kicking was sound for City and he backed up the try scorers as the half ended with Milton Keynes 38-0 up.

Conner McKechnie was sent to the sin bin for MK shortly into the second half, and this time Tadley took advantage with three tries of their own in a 15 minute burst, two of them converted.

Milton Keynes' lead had been halved but they regrouped and pushed the ball wide, eventually sending Whitehead in for his hat-trick.

Rolfe added another score in injury time to complete the win which leaves Milton Keynes in sixth.

Elsewhere in the league, there was a thumping win for Olney who hammered hapless Slough 90-7.

The hosts scored 14 tries and converted ten of them as the Berkshire side were ruthlessly swept aside.

Small (4), Robinson (3), Hoyles (2), Letts, Hannah, Skingsley, Harrison and James were the try scorers with Olney now sitting in seventh place.

In the South West 1 West Bletchley were edged out 29-28 at Swanage and Wareham.

Tries from Will Garrett, John Kirwan and a brace from coach Stu Van Rooyen did not prove to be enough as Bletchley slipped to a fifth defeat in six league games.

Agonisingly, a late conversion was missed following Van Rooyen's second try, which would have levelled the match.

Bletchley have now lost five out of their opening six league matches and are tenth in the division.

Title race hots up as Seb wins again

Home and dry: Sebastian Vettel cruises to victory in Japan

IN A season which nobody has dominated, it could be the driver who finishes strongest who comes out on top.

That, at present, looks like being defending champion Sebastian Vettel, who won his second race in a row for Red Bull Racing at the Japanese Grand Prix on Sunday.

The German's victory at the Suzuka Circuit was only his third of the year so far but crucially championship leader Fernando Alonso was forced to retire.

Vettel, second in the standings, cut the gap to the Spaniard to just four points after the Ferrari driver dramatically spun out at the start with a puncture, following a collision with Kimi Raikkonen.

It was unfortunate for Alonso but the Red Bull man took full advantage with an excellent drive from pole position which led to the most comfortable of victories.

He again demonstrated a swift pace as he raced away untroubled to pick up a pole to flag win.

Vettel, who swept aside all before him last season, is now looking to be in ominous form again with just five races left.

With the title race now a shoot-out between the top two, it will be Vettel who will go into the run-in with the most confidence and sights will be firmly set on bringing a third straight championship back to Tilbrook.

After staying in touch thanks to consistent points hauls, now could be the time to pounce.

"It's been a fantastic weekend," Vettel said.

"Qualifying was perfect and in the race the balance of the car was amazing.

"We didn't change too much at the stops, it just seemed to work fantastically well.

"I'm very happy, the guys have been pushing very hard and even though we didn't have major upgrades here, it still seemed to come together and the balance was there – and that's what made the difference today.

"It's a shame for Alonso, it's not something you hope for and it could happen to us next race.

"We've seen this year that there are a lot of up and downs and things change quickly – we have to keep our heads down and take it step by step."

Meanwhile, team mate Mark Webber described Romain Grosjean as a 'nutcase' after the Frenchman crashed his Lotus into the Australian after the green light, sending him to the back of the field.

Webber recovered to finish ninth after becoming the latest victim of Grosjean, who has caused seven first lap crashes.

"How many times can you make the same error?", Webber said. "It's quite embarrassing at this level for him."

Red Bull's lead in the Constructors' Championship is now 41 points ahead of this weekend's Korean Grand Prix.

MK LADIES claimed their first victory since promotion to Division 3A of the South Clubs' Women's Hockey League with a 4-3 victory over Oxford 2nds. They had to do it the hard way though after Oxford surged into a 3-0 lead.

There was a mountain to climb but Gemma Little started the comeback and Sophie Reynolds pulled another back following fine play from Gemma Meredith.

Sarah Lowry calmly levelled the scores with a penalty flick and Reynolds then added her second to complete a fine victory.

Meanwhile, Milton Keynes 2nds beat the 3rds 2-0 in a derby clash in the Three Counties League Division One.

Goals from Brett Holland and Fraser McColl were not enough to stop the men's 1sts from falling to a 3-2 home defeat to Staines as they search for their first point of the season.

There was better news for the 2nds who beat British Airways 6-0, but the 3rds went down 5-3 to West Hampstead.

Mettam enjoying competition as Lightning click into top gear

NET minder Alex Mettam is enjoying the battle for selection at MK Lightning as the season begins to hot up.

The city side claimed two victories out of two this weekend by seeing off Bracknell Bees twice – their first back to back victories of the season.

Twenty-four-year-old Mettam said that spirit in the camp was good and he is enjoying a three way battle to represent Lightning as the last line of defence.

Veteran Barry Hollyhead retired over the summer but player coach Nick Poole has brought in former Basingstoke Bison man Stephen Wall, and highly rated 16-year-old Jordan Hedley is also in with a shout of some ice time.

Mettam, *pictured*, told MK SPORT: "A bit of healthy competition never hurt anybody.

"We all get on well and sit together in the dressing room, and we try to help each other out and get the team wins."

This weekend's double success began at Planet Ice when Bracknell were beaten 4-2, thanks to goals from Adam Brittle, Ross Bowers, Leigh Jamieson and Blaz Emersic.

On Sunday, the four point weekend was complete in Bracknell with a 4-3 win which came after the Bees had gone 2-0 ahead.

Adam Carr, Poole, Michael Farn and Nicky Chinn scored to hand Lightning victory in the dual Elite Ice Hockey League/Cup contest.

They have now won four of their opening six competitive fixtures and by winning in Bracknell picked up a first victory on their travels.

On the previous two weekends of the season Lightning had picked up both a win and a defeat but have now found the consistency they crave.

Poole's men also kept up their record of winning every game on their home rink.

"The Bracknell games were definitely two great wins," Mettam added.

"It was a bit of a relief to get our first road win as the aim is to win all of our home games, and try and get as many points as possible away.

"I think the league is a lot tougher this year and everyone will beat everyone."

This weekend sees another double header for Lightning, who face home and away matches with local rivals Peterborough Phantoms.

MK lost the two leg pre-season 'Ashes' fixtures to their near neighbours but the team is now clearly gelling more after an influx of signings.

"We are improving and have been together for almost a month now," Mettam said.

"We've settled down a bit, so hopefully we can make up for the Ashes. Everyone's upbeat and we aim to challenge for trophies."

Lightning bag two victories - page 67

Robbo targets striker to increase firepower

BY DAN PALMER
dan.palmer@mk-news.co.uk

KARL ROBINSON is keen to complement his strikeforce by signing a pacey striker but has hit back at suggestions his formation is to blame for a lack of cutting edge in front of goal.

Although the Dons have only failed to score in a league game twice this season, their inability to translate their dominance into points can be partly attributed to their inability to take their chances.

Charlie MacDonald has only two league goals this season, Ryan Lowe just one while Alan Smith is yet to find the target, underlining Robinson's keenness to boost his options.

"I want a quick forward who can run, just to mix it up," Robinson, *pictured*, said.

"We've got some very good forwards at this football club, but sometimes we miss an outlet, maybe on the left or up top where we need some pace.

"Teams try and play a high line against us to try and stop us from retaining the ball, and because we haven't always got a threat in behind, it's difficult.

"But Charlie MacDonald's a fantastic footballer, Ryan Lowe's a born goal scorer and Alan Smith looked like an absolute machine up front when he came on against Portsmouth on Saturday. I just want another option, I'm being greedy."

Robinson said that anyone who did come in would have to be on an agreement which was "cheap and cheerful."

But the manager has countered any doubts about his line-up by pointing to the fact that the same formation was responsible for more than a century of goals last season and highlighting how fluid the formation can be.

"It was the most attacking team in the country last year, so it frustrates me when I hear people say you're playing with one forward," Robinson said.

"We have four attacking minded players in the final third.

"When you look at the whole scheme of things it's a very attacking formation we play, it's not defensive."

With goals in short supply, Robinson may regret not inserting a recall clause in the loan deal which has seen Jabo Ibehre join League One rivals Colchester for three months.

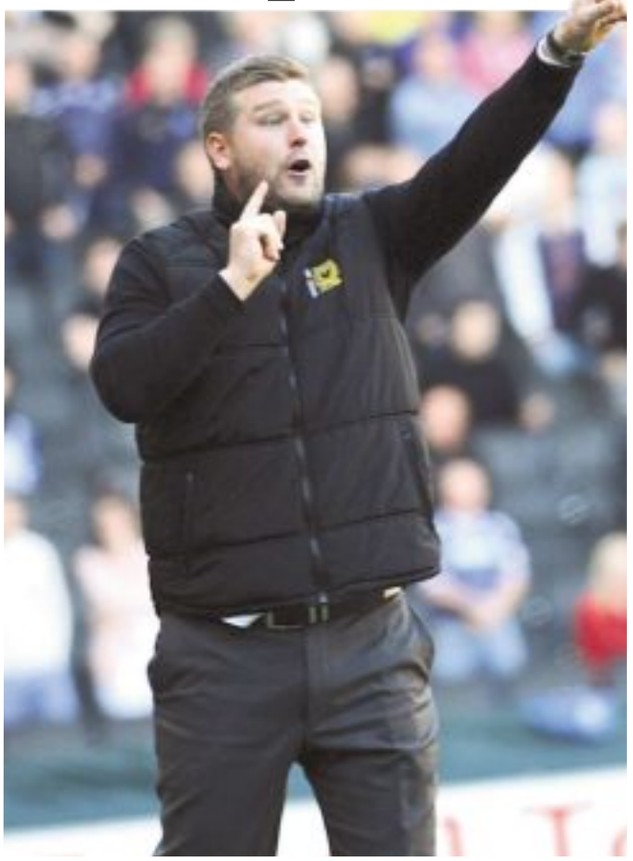
He has responded with three goals in three games for his adopted club.

"I'm made up for him, that's why he went there, to try and get a run of games," Robinson said.

"It's hard to come off the bench and make an impact at a club where the intensity is very high and the standards are very high.

"I said go away, play some games, score some goals, and come back to me at Christmas and tell me you deserve to play in this team.

"I'm sure he'll be a whirlwind at Colchester."



We've plenty more to come says boss

DONS will be "unstoppable" once they really click into gear, according to their manager.

Karl Robinson's promotion chasers are fifth in the table, just four points away from the automatic spots, as they begin a crucial run of games starting with Preston North End on Sunday.

In the near future Dons will also face four sides who are currently in the top six – Stevenage, Crawley, Sheffield United and Tranmere – the latter being the surprise early pace setters who have eight more points than the Dons.

"We've made a strong start, but we're nowhere near our level and we know we've got more gears to go through," Robinson said.

"The players are not 100 per cent happy either, we feel like we've got an awful lot more to give.

"Everybody's trying to make mountains out of molehills. We know where we can improve and where we can get better."

Robinson is comforted by the fact the teams in and around the Dons have, in his opinion, started the season at full throttle but are yet to pull away from his side who have not been in peak form.

"There are teams above us who are playing the best they can play," Robinson said.

"Two or three teams are firing on all cylinders right now and we're not far behind them.

"Just wait until these boys get going, they will be unstoppable. I'll never stop until I get this club to where I want to get them."

Meanwhile, Robinson has said that he does not know anything about reported interest in his services from League One strugglers AFC Bournemouth, who are without a manager after Paul Groves was sacked.

Reports on the south coast have suggested the Cherries are set to make an official approach for the much sought-after manager.

"To be honest I don't know too much about it," Robinson said.

Chairman Pete Winkelman added: "There has not been an official approach from Bournemouth."

RAPID INCH LOSS THERAPY

One of our success stories...

Who: Leslie Carey, 39

Where: The Slimline Clinic Nuneaton

When: 6 Weeks, June 2011

What Happened: Leslie had Ultrasonic Liposuction on her stomach and inner thigh but only lost ¾ inch after 1st visit. She then lost 2 ½ inches after her 2nd visit, before losing 16 inches in total over the course of her therapy.

How: We focussed Ultrasonic Liposuction on Leslie's inner thigh and stomach once a week (1 session on each area) for 6 weeks. After her 1st session Leslie ate take away food on 4 of the evenings, as well as drinking several pints of beer most nights. This resulted in slow progress. However, after only losing ¾ inch in week 1, Leslie decided to drink a little more moderately, ate more balanced meals and as a result she then lost 2 ½ inches between her 2nd & 3rd treatments. Leslie then resolved to adjust her lifestyle, she started eating & drinking in moderation, while making an effort to be more active generally. Leslie went on to lose 16 inches in total over her course which took in 12 sessions each on her stomach & inner thighs.

Why was Ultrasonic Liposuction Needed: Leslie has a demanding job as a director of an engineering firm, this lead to Leslie having a poor diet of take away food & beer, with little activity in her daily life due to a lack of time. Leslie arrived for her 1st session as a size 16, standing at 5' 6" tall

Where are they now: After achieving her target size and shape Leslie had lost 16 inches from her stomach and inner thigh. After completing her course and armed with her improved lifestlye and body shape Leslie felt inspired to take up Exercise! She began walking 3 evenings a week and therefore needed no more sessions to maintain her new size and shape!

The science behind losing Inches & feeling great!

Non-Surgical Ultrasonic Liposuction from The Slimline Clinic makes losing inches easy, especially from stubborn fatty areas like your belly, hips, arms and legs. Better still, it's fast, 100% pain free and can allow you to reach your ideal size in as few as 12 sessions.

Good vibrations

The treatment works using ultrasonic technology similar to that used in ultrasound scanning machines. The frequency of the sound wave targets fat cells, causing them to turn into a liquefied state. This liquid fat then drains away via the body's lymphatic system over the next 72 hours leaving treated areas with a flatter and firmer appearance.

The difference between The Slimline Clinic's Non-Surgical Ultrasonic Liposuction and surgical ultrasonic liposuction is we allow the body to naturally filter the liquid fat instead of making incisions in the patient and using a tool to suck the fat out which can cause pain, bruising and scars.

100% pain free

Our treatments are 100% pain free – in fact you will only feel a pleasant warming sensation as the ultrasound gets to work on your unwanted fat cells.
